MEETING Agenda

Call to Order	Karen called meeting to order at 0731. Sarah Hatfield, Jessica Zierott, Leah Eppenbach, Marilyn Moberg, Deb Harrison, Christine Kindell, Greg Levasseur, Rita Petersen, Audrey Person
Review minutes & approve agenda	Minutes sent out to be review, as well as being summarized with 2 edits made. This corrected copy will be available on the nphl website.
Knowledge Center Training & Drill	The technical rep will assist our group with any help we need with the old system. They will not be updating to <i>Juvera</i> until after the exercise. Therefore, we will reset everyone's password and have a KC drill in April in preparation for the May exercise. A KC notification will be sent on May 12 th then, ahead of the exercise.
ASC Website?	The group felt that a website page, dedicated Could post minutes, goals, etc. www.nphl.org , menu "Chemical Terrorism" post agenda, minutes, AAR Report
ASC Contact List	Review list and report the emails which bounced. Need help with phone call to that facility. Locations need to be called will be emailed
Annual Preparedness Training	<p>Introduced Keith Hansen, Center for Preparedness. Keith gave his background, teaches exercise design in the College of Public Health. He shared that he has a group of students called the Student Response Team, who will assist with our exercise. Location was discussed, if Sorrell Center at the UNMC doesn't work, then VA will be a secondary option. Save the Date document prepared, and location will be added before it can be distributed. Objective reviewed, discussed whether real urine can be collected. Meeting participants recommended to stick with fake urine.</p> <p>Student volunteers and ASC planning committee will meet next week Wednesday or Thursday. Keith asked if ASC need separate AAR's for each group. ASC agreed that one group AAR will work. We explained that we do hotwash both in the exercise and later in an ASC meeting.</p> <p>A needle stick inject will be added to the ExPlan to follow UNMC protocol. We anticipate only 40 players for collections, not timing the run through. Keith asked where ASC members placed during the exercise. We walked through the 8 stations and how ASC fit into the plan. Rita pointed out that we have many new members who don't know the location, decided to hold our April Meeting at the exercise location, where we can talk through layout, walk through instructions, start training. If additional training is needed, we can reschedule more training a week or 2 before. Keith wanted to start combining the student team and planning committee and meet next week.</p>

Full Scale Exercise Spring 2022	Discussions needed: <ol style="list-style-type: none"> 1. Date Change-May 13 Save the Date 2. Location – UNMC, MERRT possible VA 3. Volunteers – Planning subcommittee includes Patty Gould, Patty Schmidt, Rita Petersen (Jan in background?) 4. Trainings <ol style="list-style-type: none"> a. General planning ExPlan b. Registration – Patient to complete survey c. Urine collection (3 stations) d. Blood collection e. Exit strategy & Cleanup 5. Hotwash – put together AAR
